
Press Release

Leclanché SA implements resolutions of Extraordinary Shareholders' Meeting

- **The new shares will be listed on SIX Swiss Exchange as of September 11, 2013**

Yverdon-les-Bains, Switzerland, September 10, 2013 - Leclanché S.A. (SIX Swiss Exchange: LECN), which specializes in the production of large-format lithium-ion cells and energy storage solutions, announced today that the share capital reduction through the reduction of the nominal value of all outstanding registered shares from CHF 5.00 to CHF 2.11 and the concurrent re-increase of the share capital by way of an ordinary capital increase as resolved by the Extraordinary Shareholders' Meeting of August 26, 2013 in connection with the Company's financial restructuring has been executed and duly registered with the Commercial Register of the Canton of Vaud.

Pursuant to the ordinary capital increase, 7,744,622 new shares were issued to Precept Fund Management SPC on behalf of Precept Fund Segregated Portfolio ("Precept") and Bruellan Corporate Action Fund ("Bruellan"), both pursuant the conversion into equity of amounts outstanding under loans due to Precept (approx. CHF 4.7 mio.) and Bruellan (approx. CHF 6.9 mio.) respectively. The new shares are expected to commence trading on SIX Swiss Exchange on September 11, 2013.

Leclanché S.A.'s new registered share capital amounts to CHF 28,220,758.37 and is divided into 13,374,767 fully paid-in registered shares with a nominal value of CHF 2.11 each.

About Leclanché

Leclanché's strategy is to become one of the leading lithium-ion cell producers and solution providers for renewable energy storage systems in Europe. Its strategic priorities are stationary home electrical energy storage applications and expansion into the stationary industrial and grid electricity storage markets. Through participation in research consortia focusing on hybrid and E-mobility applications, Leclanché is positioned to take advantage of new market opportunities.

Through a unique, patented ceramic separator technology and focus on lithium-titanate technology, Leclanché manufactures large-format lithium-ion cells, optimized for safety and cycle-life, in a fully automated production process. The newly installed production line will have an annual capacity of one million cells or 76 MWh.

Leclanché was founded in 1909 in Yverdon-les-Bains. Through the integration of a spin-off from the Fraunhofer-Gesellschaft in 2006, the company evolved from a traditional battery manufacturer to become a leading developer and manufacturer of lithium-ion cells in Europe. Leclanché currently employs more than 100 staff and is listed on the SIX Swiss Exchange (LECN). The company has its headquarters in Yverdon-les-Bains (Switzerland) and production facilities in Willstätt (Germany).
