

Leclanché CEO Anil Srivastava Wins The European CEO Entrepreneur Of The Year Award 2019

YVERDON-LES-BAINS, Switzerland, September 4, 2019: Anil Srivastava, the CEO of Leclanché SA, the world's leading energy storage solutions company has been named the winner of the European CEO Entrepreneur Of The Year Award 2019 in the category of Energy Storage Solutions for Western Europe.

James Watson, Manager of the European CEO awards said: "I am truly delighted that Mr Anil Srivastava has been successful in being awarded the title of Entrepreneur Of The Year for 2019. When you consider the scope and depth of these awards with Chief Executives across 28 countries in Europe nominating candidates who they feel deserve to win the award, the high level of participants, nominees and winners, this is a wonderful achievement. Once again I would like to congratulate Mr Anil Srivastava on his wonderful achievement in our 2019 Entrepreneur Of The Year Awards".

The judging panel of the European CEO awards commented: "We are delighted to have awarded Mr Anil Srivastava the title of Entrepreneur Of The Year for Western Europe 2019 as we were so impressed with not only the scope of Mr Srivastava's answers, but also the detail and feel. There is a quote which perfectly encapsulates who Mr Srivastava is and his success. *Great companies in the way they work, start with great leaders*".

We feel unanimously that Mr Anil Srivastava fully embodies all of the qualities that we are happy to champion, such as quantifiable leadership, accountability, vision, resilience, ability to inspire those around him and further afield, which make successful entrepreneurs who they are, and also help elevate and make these awards what they are."

A profile article of Anil Srivastava and Leclanché will be published in the *European CEO* Winter 2019 Issue.

About Leclanché

Leclanché SA, headquartered in Switzerland, is a leading provider of high-quality energy storage solutions designed to accelerate our progress towards a clean energy future. Leclanché's history and heritage are rooted in more than 100 years of battery and energy storage innovation and the company is a trusted provider of energy storage solutions worldwide. This, combined with the company's culture of German engineering, precision and Swiss quality, makes Leclanché the partner of choice for troublemakers, established companies and governments that are at the forefront of positive changes in the way energy is produced, distributed and consumed around the world. The energy transition is driven mainly by changes in the management of our electricity grids and the electrification of transportation, and these two end markets are the backbone of our strategy and business model. Leclanché is at the heart of the convergence of transport electrification and the evolution of the distribution network. Leclanché is the only pure play energy storage company listed worldwide, organized into three business units: stationary storage solutions, e-Transport solutions and specialized battery systems. Leclanché is listed on the Swiss Stock Exchange (SIX: LECN).
