**Invitation: analyst and investor conference**

---

---

**Leclanché SA 2013 Financial Results to be announced on  
Wednesday March 5<sup>th</sup> 2014**

**Yverdon-les-Bains, 13 February 2014** – Leclanché S.A. (SIX Swiss Exchange : LECN), specialized in the production of large-format lithium-ion cells and energy storage solutions, will discuss its full-year 2013 financial results and achievements during **an analyst and investor meeting taking place on Wednesday March 5<sup>th</sup> 2014 in Zurich**. The company will also provide a strategic business update.

In line with the implementation of its on-going turnaround plan, Leclanché's is actively preparing the launch of its home electric energy storage products planned for the first quarter 2014. During the call the company will also address its planned expansion in the stationary industrial and grid electricity storage markets planned for the second quarter 2014.

Place: Steigenberger Bellerive au Lac, Utoquai 47, 8008 Zürich  
Date: Wednesday March 5<sup>th</sup>, 2014  
Time: 14:15 CET  
Speakers: Joseph Mangion, CEO  
Andrew Firmston-Williams, CFO  
Pierre Blanc, CTO

In addition, **a live audio webcast** of the meeting will be accessible on the Leclanché web site: [www.leclanche.ch](http://www.leclanche.ch). A replay of this teleconference will be made available one hour after the conference, on the Leclanché web site.

Analyst and investors wishing to ask questions during the conference are invited to call at 14:15 CET (13:15 GMT/ 8:15 EST) using the following conference-ID: 4666562 and one of the following dial-in numbers:

- Switzerland: +41 (0) 225927312
- UK: +44-207-153-2027
- USA: +1-480-629-9673

We would be grateful if you **could confirm your participation** in the meeting or the conference call by sending back the attached reply form to the attention of Chiara Valsangiacomo ([cva@dynamicsgroup.ch](mailto:cva@dynamicsgroup.ch); T: +41 22 308 62 33, F: +41 22 308 62 36)

**About Leclanché**

Leclanché's strategy is to become one of the leading lithium-ion cell producers and solution providers for energy storage systems in Europe. Its strategic priorities are to develop and market energy storage products for home, industrial markets and grid applications and to grow its existing businesses of developing portable energy storage systems for military, medical and industrial applications. It also includes providing a range of professional energy storage systems to a diversified customer base. Through participation in research consortia focusing on hybrid and E-mobility applications, Leclanché is positioned to take advantage of new market opportunities.

Through a unique, patented ceramic separator technology and focus on lithium-titanate technology, Leclanché manufactures large-format lithium-ion cells, optimized for safety and cycle-life, in a fully automated production process. The newly installed production line will have an annual capacity of one million cells or 76 MWh.

Leclanché currently employs more than 100 staff and is listed on the SIX Swiss Exchange (LECN). The company has its headquarters in Yverdon-les-Bains (Switzerland) and production facilities in Willstätt (Germany).
